Marang Education Trust

Marang Education Trust was established in 2008 as a Public Benefit Organisation to provide best practice solutions to improve teaching and learning outcomes within challenging, under-resourced and disadvantaged contexts in South Africa. We are the dedicated Corporate Social Investment vehicle of Maskew Miller Learning and a SACE accredited professional development service provider.

We work in collaboration with various stakeholders, including the Department of Basic Education (DBE), teacher unions, higher education institutions and non-governmental entities as a thought leader to contribute to improving education outcomes. We partner with under-resourced schools and other education stakeholders to improve teaching, learning, leadership and management outcomes with a focus on mathematics and reading to learn.

We provide integrated professional and personal development and support to schools and districts in a 4-year cycle. Our professional development and support involves best practices for training, coaching, mentoring and monitoring schools to enable them to become effective, efficient, independent, transforming and sustainable learning organisations. We aim to enable schools to become learning organisations that are committed to providing quality education to learners in challenging contexts.

Our strategic partners

Our dedication to creating positive social impact shapes everything we do, from our products and strategies to the way we engage with our learners, partners, and communities across South Africa.

Novus Print (Pty) Ltd

In 2022, Pearson South Africa's K12, TVET and local Higher Education courseware businesses was acquired by Novus Print (Pty) Ltd after a series of successful regulatory approvals.

Novus has over a hundred years of print experience in South Africa and is on a quest to diversify its portfolio through the prioritisation of educational publishing to unlock potential on the continent. It is a strong cash generative business, and this is a logical investment opportunity in a closely aligned business sector.

“Our passion for empowering South African learning has not wavered. We will always strive to ensure learners and teachers are adequately equipped to put quality education first be it through digital, print or a blend of both. We are still South Africa's learning company and believe our country's potential can be harnessed through a foundation cemented in education.”

Keshree Alwar, Maskew Miller Learning CEO

Sphere Holdings (Pty) Ltd

We are fortunate to have found B-BBEE partners who share our passion and commitment to education and will enable us to continue to positively impact many thousands of learners across South Africa.

Sphere is committed to positioning Maskew Miller Learning, not just as an educational supplier, but to partner with government as a responsible citizen and leverage the company's capabilities to address some of the seemingly intractable challenges in the country; literacy and unemployment.

Sphere Holdings is excited to be part of an enterprise whose key focus is on improving knowledge and education in South Africa. The relationship with Maskew Miller Learning aligns this imperative with their passion for delivering meaningful interventions for change.
